### INFORMATION COLLECTION AND USE

We respect each site visitor's rights to personal privacy. To that end, we collect and use information throughout our website only as disclosed in this Privacy Policy. This statement applies solely to information collected on this website.

For each visitor to our website, our web server automatically recognizes no information regarding the domain or e-mail address.

Citywide Moving Systems, Inc. web site logs IP addresses for systems administration purposes. IP addresses are logged to track a user's session. This gives Citywide an idea of which parts of our website users are visiting. We do not link IP addresses to anything personally identifiable. This means that a user's session will be tracked, but the user will be anonymous.

This site contains links to other sites. Citywide Moving Systems, Inc. is not responsible for the privacy practices or the content of such Web sites.

The information that we collect is:

\*never shared with other organizations for commercial purposes.

\*we never sell or share our customers email addresses.

\*we never sell or share our customers contact information.

This site collects cookies.

In order to use this website, visitors are not required to complete our Free Estimates/Movers Information Form. In completing our Movers Information Form a user must give certain contact information (such as name, e-mail, address, phone number, origin & destination addresses). We never sell or give away this information. It is only gathered to contact the user about services on our site for which she/he has expressed interest.

Registration is not required to enter our site.

This information is used only to fill customer's orders.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.
